

European Regulatory Statements for Heartland Polymers Products

Dear Customer,

All statements provided herein are valid up to the revision date specified in this document.

At Heartland Polymers, we are committed to upholding the highest standards of product quality and safety in accordance with the Good Manufacturing Practices (GMP) guidelines. Our dedication to excellence is reflected in every aspect of our manufacturing processes, ensuring that our products consistently meet or exceed industry standards. We employ rigorous quality management practices to safeguard against any deviations from required specifications and our facilities are certified to the ISO 9001:2015, underscoring our commitment to quality assurance.

We remain dedicated to providing you with the highest quality products and services, and thus comply with the following regulations and chemical inventories as established by industry recognized regulatory bodies, specified in this document.

Section I: Regulatory Information

Please be advised that Heartland Polymers does not intentionally add any of the substances or materials mentioned below in the manufacturing of our polypropylene resins. Furthermore, all declarations are based upon knowledge of our manufacturing processes as well as information provided by our raw material suppliers. We do not conduct routine analytical testing for the presence of these substances in our products. It is recommended that you periodically verify the status of our regulatory statements with a representative of Heartland Polymers.

Heavy Metals:

All polypropylene products manufactured by Heartland Polymers do not contain intentionally added levels of cadmium, hexavalent chromium, lead and mercury at the levels above the maximum concentrations identified under the European Union Packaging and Waste Directive (94/62/EC).

Substances of Very High Concern (SVHCs):

All polypropylene products manufactured by Heartland Polymers do not contain any substances from the candidate list of SVHC for authorization, including all its amendments, as well as other chemicals listed in the EU REACH Regulation (EC) No. 1907/2006, the Authorization list (Annex XIV) and the Restriction list (Annex XVII).

European classification, labeling, and packaging (CLP) Regulation

All polypropylene products manufactured by Heartland polymers are not intentionally produced or formulated with any hazardous substances listed in the annexes of Regulation (EC) No 1272/2008, including its amendment EU 2024/197, concerning the classification, labeling, and packaging of substances and mixtures.

EU Waste Framework Directive (EC/98/2008):

All polypropylene products manufactured by Heartland Polymers do not contain any SVHCs above 0.1% as defined under the EU Waste Framework Directive (2008/98/EC). Therefore, incorporation of any of Heartland Polymer products will not result in a Substances of Concern in Articles (SCIP) notification.

Medical Device Regulation (EU/745/2017):

All polypropylene products manufactured by Heartland Polymers do not contain any carcinogens, mutagens, reproductive toxins, endocrine disruptors, or substances of a similar concern at or above 0.1% as stated in Article 59 of Regulation (EC) No 1907/2006. Heartland Polymers incorporates quality manufacturing processes during the manufacturing of our products.

Biocidal Products Regulation (EU/528/2012):

All polypropylene products manufactured by Heartland Polymers do not contain any biocides or preservatives.

Conflict Minerals Regulation (EU) 2017/821:

All polypropylene products manufactured by Heartland Polymers do not contain any conflict minerals (tin, tantalum, tungsten, or gold) as listed in Annex I of EU 2017/821.

Use of Recycled Plastic Material (EC/282/2008):

All polypropylene products manufactured by Heartland Polymers are processed from virgin materials and do not contain any recycled materials.

EU Cosmetic Regulations (EC/1223/2009):

All polypropylene products manufactured by Heartland Polymers do not contain any substances that are banned or restricted on the EU Cosmetic Ingredients List. Quality manufacturing processes have been incorporated to prevent any unintentional additions of these substances during the manufacturing of our products.

Restriction of Hazardous Substances (RoHS):

All polypropylene products manufactured by Heartland Polymers complies with the requirements as stated in Directive 2002/95/EC (RoHS 1), Directive 2011/65/EU (RoHS 2) as amended by Directive 2017/2102/EU and Directive 2019/1846/EU and Directive 2015/863/EU (RoHS 3). Our products contains less than the maximum levels of the following restricted substances:

- Lead (Pb): < 1000 ppm
- Mercury (Hg): < 100 ppm
- Cadmium (Cd): < 100 ppm
- Hexavalent chromium (Cr VI): < 1000 ppm
- Polybrominated biphenyls (PBB): < 1000 ppm
- Polybrominated diphenyl ethers (PBDE): < 1000 ppm
- Bis(2-Ethylhexyl) phthalate (DEHP): < 1000 ppm
- Benzyl butyl phthalate (BBP): < 1000 ppm

- Dibutyl phthalate (DBP): < 1000 ppm
- Diisobutyl phthalate (DIBP): < 1000 ppm

Safety of Toys (EC/48/2009):

Heartland polymers does not intentionally add in this product the chemical substances listed in EC/48/2009 Annex II section III Parts 3,8,11 and 13.

Part 3: Carcinogenic, mutagenic, or reprotoxic (CMR) substances

Part 8: Nitrosamines and Nitrosable substances

Part 11: Listed Allergenic Fragrances

Part 13: Listed heavy metals elements.

This product has not been tested and assessed according to European Standard EN-71-3:2021: Migration or content of certain hazardous organic chemical compounds from/in certain toys and toy materials. This product is not a children's product, children's toy, childcare article, or consumer product. It remains to the final manufacturer to ensure the suitability of the product for toys or other children's articles.

Polycyclic Aromatic Hydrocarbons, PAHs (EU No 1272/2013) :

Heartland polymers does not intentionally add any polycyclic aromatic hydrocarbons (PAHs) during manufacturing and does not test for these substances.

Persistent Organic pollutants, POPs (EU) 2019/1021:

Heartland polymers does not intentionally add any persistent organic pollutants (POPs) during manufacturing and does not test for these substances.

Kosher or Halal:

All polypropylene products manufactured by Heartland Polymers are not certified as kosher or halal.

Animal Derived Materials (ADM):

We do not intentionally add any substances from animal derived materials or that considered animal origin substances.

Phthalates:

Heartland Polymers does not intentionally add phthalates or plasticizers in any of our manufacturing processes. Phthalates are not components of the catalytic system used in the production of Heartland Polymers polypropylene. Polypropylene is exempt from testing, according to the CPSIA.

Allergen Substances:

Heartland polymers does not intentionally add any allergenic substances in any of its products, these include but not limited to the following. soybean products, egg products, milk products, fish, shellfish (e.g. crustaceans and products), wheat products (e.g. gluten), sunflower seeds, poppy seeds, sesame seeds, celery and products, mustard and products or sulfites, peanut products, beef, pork, chicken etc.

Section II: SB 657 Compliance:

We acknowledge our commitment to eradicating slavery and human trafficking from our direct supply chains. Additionally, we are attentive to global legislative developments aimed at combating these issues, such as Canada's Fighting Against Forced Labor and Child Labour in Supply Chains Act, which became effective on January 1, 2024.

Under this Act, Inter Pipeline Ltd., and its subsidiaries, including Heartland Petrochemical Complex, are obligated to provide annual reports detailing the measures taken in the preceding financial year to prevent and mitigate the risks of forced labor or child labor within our supply chains, whether in Canada or elsewhere. These reports will be submitted to the Federal Government, specifically the Department of Public Safety, and will be made readily accessible to the public on our website.

Section III: Substances of Concern to Customers:

Based on the documentation provided by our suppliers and knowledge of our raw materials, none of the substances of concern to our customers listed below are intentionally added to any of Heartland Polymers' polypropylene products. We do not conduct routine analytical testing for the presence of these substance in our products.

We believe this information to be accurate and reliable as of this date. We cannot guarantee that the status of this statement about our products will remain unchanged indefinitely; therefore, we recommend that you periodically verify its status with a Heartland Polymers representative.

- Acetonitrile, Acrylamide, acrylonitrile, acrylic acid, butadiene, hydrogen fluoride, hydrogen peroxide, methacrylic acid, methyl methacrylate, toluene, trichlorobenzene (2004/394/EC: Commission recommendation)
- Asbestos,
- Azo dyes and Colorants, inks or pigments, carbon black,
- Bisphenol Compounds:
 - o Bisphenol A, Bisphenol F, Bisphenol S, or BPX (Bisphenol based derivatives),
- Biocides,
- Boric compounds: boric acid, sodium perborate, perboric acid, sodium borate(borax)
- Brominated flame retardants (such as decabrominated diphenyl ether (DecaBDE) and octabrominated diphenyl ethers (BDE)),
- Bumetrizole,

- ☒
- Ozone Depleting Chemicals (ODCs),
- Parabens,
- Per- and Polyfluorinated compounds (PFOA, PFAS, PFOS, PFHxS),
- Perfluorocarboxylic acids (PFCA)
- Polychlorinated dibenzo-p-dioxins (PCDDs), polychlorinated dibenzofurans (PCDFs), dioxins,
- Pesticides,
- Phthalates: Di-(2-ethylhexyl) phthalate (DEHP), dibutyl phthalate (DBP), benzyl butyl phthalate (BBP), diisononyl phthalate (DINP), diisobutyl phthalate (DIBP), di-n-pentyl phthalate (DPENP), di-n-hexyl phthalate (DHEXP), and dicyclohexyl phthalate (DCHP), Diisooctyl phthalate (DIOP).
- Plasticizers,
- Polychlorinated biphenyls (PCBs) and polychlorinated terphenyls (PCTs),
- Polycyclic Aromatic Hydrocarbons (PAHs)
- Polyvinyl chloride (PVC), Polyvinylidenechloride (PVDC),
- Propylene glycol,
- Radioactive substances,
- Siloxanes and silicones,
- Sulfites,
- Tocopherol (Vitamin E)
- Triclosan.
- Volatile organic compounds

If you have any questions regarding regulatory compliance, please contact a Heartland Polymers representative.

IMPORTANT NOTICE:

The information and statements herein are believed to be reliable and based on the best knowledge to the date published. Regulations are developed continuously, and regulatory letters will be adapting accordingly. Please, ask for a new declaration periodically.

Users should undertake sufficient verification and testing to determine the suitability for their own particular purpose. No warranty for a particular application is made.

The declaration does not cover any substance subsequently added by the converter. This declaration applies to the material as it leaves its production facilities. No liability can be accepted in respect of the use of heartland polymers products in conjunction with other materials.
